TONOPAH DAILY BONANZA

Today's Silver
Quotation, 55

VOL. XI. NO. 14

TONOPAH, NEVADA, WEDNESDAY EVENING, NOVEMBER 8, 1911.

PRICE 10 CENTS.

CHINESE EMPIRE WILL SOON BE ONLY A MEMORY OF THE PAST

**Government Is Losing In All Directions
and a Condition of Panic Prevails---
Shanghai In the Hands of the Revolutionists With Amoy Ready to Fall.**

NANKING, China, Nov. 8.—The viceroy at Nanking committed suicide last night.

The situation is serious. The viceroy's instructions from Peking had ordered him not to resist the revolutionists by force, but to surrender peacefully.

The Tartar general commanding the Manchu troops refused to obey the orders. A condition of panic prevails.

AMOY, China, Nov. 8.—The fall of this city before the revolutionists appears imminent. There is no foreign warship in this port, but all the consuls have appealed to their governments to send vessels here.

Meantime the consuls are devising plans for the defense of foreigners if an emergency arises.

SHANGHAI, Nov. 8.—The American cruiser Albany will leave at once for Amoy. There is said to be a panic among the inhabitants of Fu-Chow. The Shanghai telegraph offices are in the hands of the rebels.

PEKIN, Nov. 8.—Garrisoned and policed by loyal troops, the capital remained undisturbed by the rebels. The general feeling of nervousness, however, was betrayed when a fire broke out in the quarters occupied by the board of ceremonies. For a time the Chinese believed the flames were a revolutionary signal for an uprising and they were thrown into a panic.

The national assembly, by virtue

of the powers bestowed on it by the recent edict, formally appointed Yuan Shi Kai premier. The question of his permanency in the office was discussed but it was decided that the assembly had no authority to guarantee beyond the election of a parliament. It was, however, resolved to assure Yuan of the assembly's continued support.

Demands on Government.
A mass meeting was held at Tina Fu, in Yunan province, when a series of demands on the government was formulated. These included the establishment of a republic and complete autonomy for the provinces. The demands were forwarded to this city, accompanied with the intimation that three days only would be allowed for the government to acquiesce in them.

Russian financier, under guise of a loan, have arranged with the viceroy of Manchuria to advance \$2,500,000, accepting as security Chinese shares in the Russo-Asiatic bank at Peking.

The officer commanding the sixth division, which was a part of Gen. Wu Lu Cheng's command at Shika Chuang, reports that 40 Manchus stormed Wu's tent early yesterday and shot and beheaded the general. Thirty of the assailants were arrested.

Consular reports state that several other officers were assassinated, and, according to foreign railroad officials, the Manchu and Chinese soldiers fought a regular engagement, in which the fatalities were numerous.

A TRAINLOAD OF FREIGHT ARRIVES

A freight train of twelve cars pulled into the depot yesterday. Every day grows better in freight traffic over the Tonopah & Goldfield railroad. The scenes of the boom days are again transpiring in Tonopah, but now of the permanent variety. The depot is the only lively place in Tonopah these days. The freight arriving was consigned to the following firms and companies: One car machinery, Associated M. & M. company, Manhattan; one car machinery, Round Mountain M. & M. company, Round Mountain; one car potatoes, Hatfield & Kemp; one car hay, McLean & McSweeney; one car car wood, F. Ratto; three cars structural steel, Belmont Mining company; one car shoes and dies, Montana-Tonopah Mining company; one car coal, National Ice company; one car powder, W. J. Stewart; one car beer, Hall Liquor Co.

CURRENT EVENTS FOR THE MONTH AT THE BUTLER

"VITAGRAPH MONTHLY OF CURRENT EVENTS" ATTRACTION
AT BUTLER TONIGHT.

"The Vitagraph Monthly of Current Events" will be the attraction at the Butler this evening. This wonderful magazine of events which we just have been reading about in our daily paper, will be placed before you just as if you had witnessed the events instead of reading about them. It shows great swimming contests; opening of the Coney Island baths; Admiral Togo's visit to the Brooklyn navy yard and many other notable events. In addition to the above the following pictures will be shown: "Reparation," an Essanay Western picture; "Outgenerated," a Selig comedy; and "The Renegade Brother," a wonderful Pathe Western drama. As usual, 10 cents will be the price of admission.

"COLLEEN BAWN," A GREAT DRAMA, FRIDAY NIGHT

SCENIC WONDERS OF IRELAND
MAKE BEAUTIFUL SETTINGS
FOR A PHOTOPLAY.

"Colleen Bawn," the feature attraction at the Butler Friday afternoon and evening will prove a revelation for beauty and completeness to photoplay production. Only in the photoplay is it possible to portray such a story adequately, giving a most elaborate presentation with the advantage of native settings. Every scene in the production, which is three times the usual photoplay length, running forty-five minutes, was made on the actual spot in Ireland described in the Dion Boucicault's original play, with the unfolding of the intensely dramatic tale of the Colleen Bawn comes a panorama of the very heart of Ireland's scenic wonder. The settings include the Lakes of Killarney, Colleen Bawn rock, the famous Anne Chute castle, and other famous and celebrated places, where the real incidents of the drama were enacted a century ago.

This wonderful subject comes in three parts, and the management has gone to an additional expense to show the subject in its entirety in one day. There will be no additional charge of admission to see this wonderful production. The usual price of 10 cents' admission will prevail.

OFFER \$4500 FOR THE BANK PREMISES

The letting of the contract for rebuilding the Eureka & Palsade railway has certainly improved real estate value in Eureka. Spencer Reynolds, receiver of the Eureka County bank, was Friday made a cash offer of \$4500 of the Eureka County bank premises and the fixtures contained therein. The best previous offer was \$4100.

The Daily Bonanza reaches the people.

LITTLE GIRL DIES SUDDENLY AT HER HOME IN TONOPAH

This morning at 2:30 a. m., little Hazel Fine, aged seven years and two days, was called to her Maker. The child had attended school on Monday and having a slight cold was kept at home yesterday. Last evening Dr. Masterson was called and found that the little one had croupous pneumonia and administered the proper remedies. Just before the Angel of Death called, the child was standing on the floor and fell over on the bed dead. Heart failure is supposed to have caused the death.

Mrs. Fine, with her two brothers, have resided in Tonopah for some time, coming here from Eureka with her husband and daughter. The child was very bright and a great favorite with her teacher and schoolmates, and her death is keenly felt by them. The father is in Eureka, Nev., having gone there just recently with Alex Fraser, the blind commissioner of that county, and an uncle to the little girl. Mr. H. A. McKim, who has been a life-long friend of the family, immediately sent Mr. Gilbert with his auto for Eureka to convey the sad news and bring the relatives to this city at once. They will arrive here tomorrow afternoon. The wires are down between Eureka and Palsade and no communication could be had with that place. The sympathy of this community is extended to the poor heart-broken mother, father and relatives in the loss of their sweet, pure child.

EDUCATOR DIES.

WASHINGTON, D. C., Nov. 8.—Professor William Gallyhan Robinson, dean of the law school of the Catholic University of America, was stricken with apoplexy at his home here last night and died almost immediately. He was 77 years of age and was formerly dean of the law school of Yale University.

REPUBLICAN GAINS SHOWN IN YESTERDAY'S ELECTIONS

BOSTON, Nov. 8.—Returns in the state election yesterday from 23 out of 1069 election district in the eastern part of the state show large republican gains.

Salt Lake City.
SALT LAKE CITY, Utah, Nov. 8.—With an exceptionally heavy vote up to 12 o'clock last night, indications are that Samuel C. Park, citizens' candidate, will defeat John S. Bransford, incumbent and American candidate, for mayor of Salt Lake City. Bransford's campaign managers admitted at noon yesterday that two votes had been polled for the citizens' ticket for every vote cast for the American candidate. They announce they still hope to win.

Heavy Vote in New York.
NEW YORK, Nov. 8.—A million and a half ballots that began to rain into the boxes and click into the voting machines will demonstrate whether the Empire state has remained true to its democratic preferences expressed a year ago, or back to the party of President Taft. A possible change of political sentiment is the only general interest attached to the contest and the only state officers to be elected are members of the lower house of the legislature.

To maintain their supremacy in the assembly the democrats will have to re-elect members in 85 of the 160 districts.

New York City elects a new board of aldermen and supreme court justices in the First and Second judicial districts. Thirty-four upstate cities choose new mayors and other municipal officers. County officers are elected generally throughout the state.

Unusually Heavy Vote.
SAN FRANCISCO, Nov. 8.—Indi-

TRACKS HAVE SUNK TWELVE FEET NEAR BENICIA

SUISUN, Cal., Nov. 8.—The S. P. tracks between here and Benicia are again giving trouble through sinking. The road which originally was the main route of traffic from San Francisco east, via Ogden, lays through Suisun marshes.

Two years ago similar trouble developed and much money was spent. It was believed then the trouble was remedied. Traffic is being detoured via Tracy. Three car lengths of track are reported to have sagged to a depth of 12 feet.

PROHIBITION HAS FINALLY WON IN STATE OF MAINE

MAINE'S GOVERNOR DECIDES TO
ADMIT VOTES TO DEFEAT
THE "WETS."

AUGUSTA, Me., Nov. 8.—Maine retains the constitutional prohibition. Governor Plaistead and his council late yesterday decided to accept corrections in the vote of four small towns, east in the special election last September, thus revising the result as indicated by the face of the first official returns.

THREE HOURS BETWEEN CRIME AND DEATH OF ASSAILANT

CLARKESVILLE, Tex., Nov. 8.—Within three hours yesterday after Riley Johnson, a negro, had attacked a young woman at a farmhouse near Clarkesville, and clubbed her mother into insensibility when she came to the daughter's aid, he was captured by the sheriff and shot to death by bystanders when he attempted to escape by making a threat of further violence.

SOME MORE EXCITEMENT IN M'NAMARA MURDER TRIAL

EXCITING TIME DURING SELEC-
TION OF JURY IN M'NAMARA
MURDER TRIAL.

LOS ANGELES, Nov. 8.—Socialism, conflicts between capital and labor, and like matters were pushed out of the McNamara murder case by Judge Walter Bordwell yesterday. In so far as the court's position is concerned.

Talesman George W. Morton, 75 years old, went along with them, being excused by the court over the protest of the defense, who asserted that Morton's only disqualification was the reading of certain copies of the "Appeal to Reason," a socialist paper.

Morton was challenged by Assistant District Attorney G. Ray Horton on the ground that he was of "faulty mind," and that being 75 years old, he might not be able to endure the strain of a long trial, and had shown garrulity.

Darrow Is Angered.
The wide smile generally on Attorney Clarence Darrow's face entirely faded before Horton had finished. He finally rose with seeming anger.

"This man is challenged because he reads the Appeal to Reason," he asserted. "Because one man is not prejudiced against us we must get rid of him. The district attorney thinks he is not strongly enough biased against the defendant. As to his capacity to act, that's an absurdity."

"That's the only question, Mr. Darrow," ruled the court.

"The question is whether he possesses all his faculties and is qualified to act."

ITALIANS AND TURKS ARE STILL SPILLING BLOOD

TURKISH GUNBOAT SUNK; DER-
NA IS RECAPTURED BY THE
TURKISH FORCES.

CONSTANTINOPLE, Nov. 8.—An Italian cruiser bombarded the town of Akadah, Arabia, on Sunday, sinking the Turkish gunboat Italia, which was lying in port.

The second officer of the gunboat was killed, but the other on board escaped. Subsequently the cruiser shelled the hilly portion of the town. The extent of the damage is not stated.

The recent news of the recapture of Derna, Tripoli, by the Turks purports to come from Enver Bey and the Sheikh of the Sunnusi tribesmen.

WASHINGTON, Nov. 8.—With the aid of an aeroplane, the Italian troops at Tripoli have located the headquarters of the Turkish army and ascertained that the forces are considerably diminished, according to an official dispatch received by the Italian ambassador.

The Italian minister of war cables that the Turkish artillery was repulsed November 5 in attacks on both the eastern lines of the Italian defenses of Tripoli and the Italian left wing.

The Italian dispatch states further that the spirit of the Italian troops is high, while the Arabs show dissatisfaction with the Turks and have committed several acts of rebellion.

The Rev. George Gallup is asking members of St. Mark's church and other friends for old magazine and picture books for the use of the boys at the church. Any such sent to the rectory will be gratefully acknowledged.

WOMAN ON ELECTION BOARD.

SAN BERNARDINO, Cal., Nov. 8.—Mrs. Harillan Hayward Sawtelle, a well-known suffragist of this county, will be the first woman in the state to serve on an election board. Mrs. Sawtelle has been appointed a commissioner to serve in the annexation estimation election, December 18.

The defense yesterday presented what it holds to be further evidence to show that Talesman Geo. W. McKee, by his expressed opinions, is unfit to sit on the jury.

Ordered to Get Books.

INDIANAPOLIS, Ind., Nov. 8.—When Judge A. B. Anderson of the United States district court was advised yesterday that the federal grand jury had been denied access to certain books of the International Association of Bridge and Structural Iron Workers, he ordered the United States marshal to go to a trust company where the books were deposited and take possession of them.

A federal grand jury investigation as to whether John J. McNamara, James B. McNamara and Orrie E. McManigal had violated a statute governing interstate transportation of dynamite and other explosives was set to begin today, but the progress to be made was problematical because of the failure of the government immediately to obtain all the evidence it sought.

Account books and letters of the International Association of Bridge and Structural Iron Workers, which County Prosecutor Frank P. Baker had been ordered to take to the federal grand jury room, are withheld pending action on an appeal by the iron workers to the Indiana supreme court from an order of the criminal court of this county turning the evidence over to the federal grand jury.

It was understood the investigation would proceed with copies of the records and the examination of witnesses to the raids on the offices of the iron workers' association here.

HAS A NEW HOWARD AUTO

It looks as though the desire to own an auto by every person in the state has found an impetus in Tonopah. During the past month several new machines of different makes have been received in Tonopah by business men. The last one to arrive was unloaded day before yesterday at the depot and was consigned to H. A. McKim, the dry goods merchant. It is a beautiful Howard touring car of 40-horse-power and has all of the latest inventions.

Mr. McKim says he knows nothing about the mechanism or the running of the machine and is confident he will be able to guide the auto all right with a little practice. He is out these moonlight nights with his Howard alone and in his glory. He is doing the "breaking-in" below town on the flat where nobody can witness his wild rushes.

DEMAND FOR FLOUR IN SIBERIA IS NOW GREAT

PUGET SOUND MILLERS RECEIVING INQUIRIES FOR THE FIRST TIME.

SEATTLE, Wash., Nov. 8.—For the first time since the Russo-Japanese war Puget Sound flour millers are receiving inquiries for flour from Siberia. The fresh demand for American flour is said to be the result of a crop failure in Siberia. Late advices from the far east say that efforts are being made to have the Russian government remove the import duty which has kept American flour out of the Siberian market.

Flour shipments from the Puget Sound to the far east during October aggregated 203,251 barrels, or more than double the number of barrels shipped during September. During October Columbia river mills shipped 151,899 barrels.

H. C. Brougher departed for his home in Oakland this morning, expecting to shortly return to Tonopah.
